RE: Technical Memorandum (TM) 7 - Surface Soil Sampling and Analysis
Plan: Operable Unit 2, January, 1993

Dear Mr. Schassburger,

The Colorado Department of Health, Hazardous Materials and Waste Management Division (the Division), received the attached comments from the Technical Review Group (TRG) on the above referenced TM after the Division and EPA had given the TM final approval. The content of the comments appears to be such that they can be addressed when data collected for this TM is incorporated into the draft Phase II RFI/RI Report for OU 2. Would you please ensure that this occurs.

Thank you for your attention to this matter. If you have any questions, please call Joe Schieffelin of my staff at 692-3356.

Sincerely,

Gary W. Baughman
